

PIGLISMS SWINDLED NEW YORK PUBLIC.

More Than One Hundred Thousand Dollars
Spent by Gothamites Before They Fell to
the Fact That They Were Not Get-
ting a Run for Their Money.

BY J. H. MANNING, MONTICLO.

New York, Sept. 23.—The public has been swindled for more than one hundred thousand dollars by the "Pig" men, who have been swindling the public for years. The "Pig" men are the swindlers who have been swindling the public for years. The "Pig" men are the swindlers who have been swindling the public for years.

Corbett, from England, declares in the most positive manner that his fight with McCoy was a fake. He admits that he had a genuine fight with McCoy, but that he had a fake fight with McCoy. He admits that he had a genuine fight with McCoy, but that he had a fake fight with McCoy.

The fighting in the ring was on the level. I think that the victory, as I said last night, was a victory for the public. I think that the victory, as I said last night, was a victory for the public.

There are fighters in New York who have made more money in the last year, through the practice of their profession, than they could have made in any other way. There are fighters in New York who have made more money in the last year, through the practice of their profession, than they could have made in any other way.

WASHINGTON MAKES A STAND FOR CLEAN SPORT.

Faculty of the Big College Warns Students
That Members of Athletic Teams Must Be
Bona-Fide Undergraduates--News
and Gossip of the Gridiron.

BY C. H. MANNING, MONTICLO.

Washington, Sept. 23.—The faculty of the University of Washington has issued a statement regarding the admission of students to the university. The faculty has issued a statement regarding the admission of students to the university.

This year and every year hereafter the policy will be to admit only bona-fide undergraduates to the university. This year and every year hereafter the policy will be to admit only bona-fide undergraduates to the university.

It is stated that the Washington University faculty should be the first to make this move, as it has always been the policy of the faculty to admit only bona-fide undergraduates to the university.

SURGERY VS. MEDICINE

Varicocele and Stricture Removed Without
Operation, and Specific Blood Poison,
Nervo-Sexual Debility and All As-
sociate Disorders of Men
Cured to Stay Cured.

While my patients can always depend upon the most careful and successful surgical work when they demand it, or when the case is such that it is absolutely required in order to bring about a cure, I have constantly endeavored, throughout all the years of my practice, to so perfect my methods of treatment that a cure could be brought about without the aid of the knife.

It is comparatively easy to put out any offending portion of the human body, but an operation of this kind is a loss to the patient which can never be restored. If you have a man who has a varicocele, or a stricture, or a blood poison, or a nervous system, or a sexual debility, or any of these things, it is comparatively easy to put out any offending portion of the human body, but an operation of this kind is a loss to the patient which can never be restored.

In Varicocele, by means of my treatment, the enlarged blood vessels are reduced to their natural state and the organs which they supply are restored to a condition of health and full usefulness. The method is painless and requires no loss of time from business.

In Stricture my treatment removes the obstruction without any pain or discomfort, simply by the remedies which the patient himself applies at home.

Without the use of those dangerous drugs which enter into the remedies given by most doctors, and which have such terrible after-effects, I cure all stages of Specific Blood Poisoning thoroughly and permanently—not only the outward manifestations, but I rid the whole system of every vestige of the poison, leaving the skin and scalp in a clear, healthy, natural condition.

In Nervo-Sexual Disorders I have also, as is well known to the medical profession generally, made great advancement over the old-time methods, and never mind how long the underlying conditions have been active, I can promise a complete and permanent restoration to health and of all lost powers. I do not seek simply to temporarily relieve the symptoms, but to permanently remove the underlying causes.

Whenever it is possible to do so, I am very desirous of having the patient call at my office for a personal interview. If living away from the city, I will direct the railroad fare paid (one way) from my regular fee. The attention of those at a distance is called to the special low excursion rates during the Exposition, beginning September 15th and ending October 15th. Address:

COOK MEDICAL COMPANY
610 OLIVE ST., - ST. LOUIS, MO.

WOODRUFF'S NEW COACHING METHOD
LE GRAND PRIX.
THE highest award at the Paris Exposition, is Grand Prix, was bestowed on M. Joseph Heli for his stringed instrument. This was the most important award of the Exposition. It was given to a man who had spent his life in the study of the violin, and who had given to the world a new method of playing the violin. This was the most important award of the Exposition. It was given to a man who had spent his life in the study of the violin, and who had given to the world a new method of playing the violin.

CANCER

Sufferers from this horrible malady nearly always inherit it—not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance, or a swollen gland in the breast, or some other part of the body, gives the first warning.
